Attached are benchmark position descriptions for Computer Systems Programmers, GS-12/14, Computer Specialist, GS-13, and computer-related Electronics Engineers, GS-13/14. These were jointly developed by PMCD and ODP and constitute an important part of our contract to conduct a follow-up survey of this office.

These benchmarks, upon your approval will provide the basis for evaluating non-supervisory computer systems programming type positions throughout the Agency and are on target with soon to be released GPM Computer Specialist Standards. Your signature on each benchmark will establish them as official Agency grading criteria.
